HBPOA Members:

Subject: Green Committee Survey on Disposable Plastic Bags

Tim Purtell and Donald P. D'Amato of the Town's Green Options Advisory Committee has requested that Shelter Island Residents take the following survey regarding "a Reusable Bag Campaign to raise awareness about single-use plastic grocery (i.e. checkout) bags and to encourage Shelter Islanders to bring their own bags when they shop." They hope that this survey will determine the extent of support for that campaign.

<https://www.surveymonkey.com/r/ShelterIslandAssociation>

Donald noted "you may assure your members that we cannot associate survey responses with their names, email address, or home addresses. They merely will need to click on the link to open a browser window to begin the survey. Alternatively, they can just type the link into their Internet browser's address bar."

In about two weeks they expect to be providing feedback from the survey (in statistical terms) to the SIA and the Town Board.

If you have any questions or concerns feel free to give Don a call at 749-2092.

Thank you,  
Fred Buonocore, President HBPOA
